“European Secured Parties” shall mean GE Capital in its capacity as European Agent under the German Credit Agreement and the German Lenders from time to time party thereto.

“Secured Parties” shall have the meaning ascribed thereto in the German Intercreditor Agreement.

2. CONFIRMATION AND GRANT OF SECURITY INTEREST IN TRADEMARK COLLATERAL.

(a) Ratification and Grant of Third Priority Security Interest. Each of FM and FiberMark NA hereby confirms that, pursuant to the Existing Trademark Security Agreement, to secure the prompt and complete payment, performance and observance of all of the Obligations (as defined in the Existing German Credit Agreement), it granted, mortgaged, pledged, and hypothecated to the Collateral Agent for itself and for the benefit of the European Secured Parties, a Lien upon all of its right, title and interest in, to and under the Trademark Collateral (as hereinafter defined). To continue to secure the prompt and complete payment, performance and observance of all of the European Obligations, each Grantor hereby (i) ratifies and restates such grant, and (ii) grants, mortgages, pledges, and hypothecates, to the Collateral Agent for itself and for the benefit of the European Secured Parties, a third priority Lien upon all of its right, title and interest in, to and under the Trademark Collateral (as hereinafter defined)

(b) Grant of First Priority Security Interest. To secure the prompt and complete payment, performance and observance of all of the U.S. Obligations, each Grantor hereby grants, mortgages, pledges, and hypothecates to the Collateral Agent for itself and for the benefit of the U.S. Secured Parties, a first priority Lien upon all of its right, title and interest in, to and under the following personal property and other assets, whether now owned by or owing to, or hereafter acquired by or arising in favor of such Grantor (including under any trade names, styles or derivations thereof), and whether owned or consigned by or to, or leased from or to, such Grantor, and regardless of where located (all of which being hereinafter collectively referred to as the “Trademark Collateral”), including:

(i) all of its Trademarks and all Trademark Licenses to which it is a party, including those registered and applied for trademarks referred to on Schedule I hereto;

(ii) all renewals and extensions of the foregoing; and

(iii) all products and proceeds of the foregoing, including, without limitation, any claim by any Grantor against third parties for past, present or future infringement or dilution of any Trademark or any Trademark licensed under any Trademark License.

Notwithstanding the foregoing the term "Trademark Collateral" shall not include: (a) any contract, instrument or chattel paper in which any Grantor has any right, title or interest if and to the extent that any valid and enforceable law or regulation, or contract term or provision, in each case applicable to such right, title or interest prohibits the creation of a security interest therein or that would result in the abandonment, invalidation or unenforceability of any right, title or interest of such Grantor therein, (b) any property or other asset of any Grantor from which such Grantor is prohibited or restricted by contract or as a matter of law from granting a security interest therein or that would result in the abandonment, invalidation or unenforceability of any right, title or interest of such Grantor therein, or (c) any contract, instrument or chattel paper in which any Grantor has any right, title or interest if and to the extent such contract, instrument or chattel paper includes a provision containing a restriction on assignment such that the creation of a security interest in the right, title or interest of any Grantor therein would be prohibited and would, in and of itself, cause or result in a default thereunder or breach thereof enabling another person party to such contract, instrument or chattel paper to enforce any remedy with respect thereto or that would result in the abandonment, invalidation or unenforceability of any right, title or interest of such Grantor therein; provided, however, that (A) the foregoing exclusions in clauses (a), (b) and/or (c) shall not apply if (i) such prohibition or preclusion, as applicable, has been waived or such other person has otherwise consented to the creation hereunder of a security interest in such contract, instrument or chattel paper, (ii) such prohibition would be rendered ineffective pursuant to Sections 9-407(a) or 9-408(a) of Article 9 of the Uniform Commercial Code, as applicable and as then in effect in any relevant jurisdiction, or any other applicable law (including the Bankruptcy Code) or principles of equity); or (iii) the law or regulation which caused such exclusion becomes inapplicable; and (B) immediately upon the ineffectiveness, lapse or termination of any such provision, the term "Trademark Collateral" shall include, and such Grantor shall be deemed to have granted a security interest in, all its rights, title and interests in and to such contract, instrument or chattel paper as if such provision had never been in effect; and provided further that the foregoing exclusion shall in no way be construed so as to limit, impair or otherwise affect the unconditional continuing security interest granted herein to the Collateral Agent in and to all rights, title and interests of the Grantors in or to any payment obligations or other rights to receive monies due or to become due under any such contract, instrument or chattel paper and in any such monies and other proceeds of such contract, instrument or chattel paper; (d) (1) any and all "Collateral" as such term is used and defined in that certain Equipment Financing Agreement, dated as of December 13, 1999, between Jules and Associates, Inc. and FM, as the same may be amended and in effect as of the Closing Date (including all addendum, riders, schedules, amendments and modifications), and (2) any and all "Collateral" as such term is used and defined in that certain Master Security Agreement, dated as of September 19, 2000, between The CIT Group/Equipment Financing, Inc. and FM, as the same shall have been assigned to General Electric Corporation by Specification of Assigned Interest executed on or about December 21, 2000, as the same may be amended and in effect as of the Closing Date (including all addendum, riders, amendments, schedules and modifications); or (e) any application to register a trademark or service mark in the United States Patent and Trademark Office filed by any Grantor pursuant to 15 U.S.C. § 1051 Section 1(b) if the grant of a security interest therein would result in the abandonment, invalidation or unenforceability of any right, title or interest of the Grantor therein unless and until evidence of use of the mark in interstate commerce is submitted to the United States Patent and Trademark Office pursuant to

15 U.S.C. § 1051 Section 1(c) or 1(d), at which point the Trademark Collateral shall include, and the security interest granted hereunder shall attach to, such application.

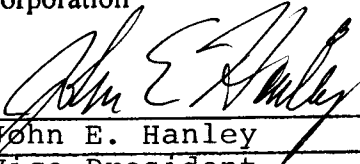

3. SECURITY AGREEMENT. The Liens granted pursuant to this Trademark Security Agreement are granted in conjunction with the Liens granted to Collateral Agent, for itself and for the benefit of the Secured Parties, pursuant to the Security Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of the Collateral Agent with respect to the Lien in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. Except as otherwise provided in this Trademark Security Agreement or the Security Agreement by specific reference to the applicable provisions of this Trademark Security Agreement, if any provision contained in the Trademark Security Agreement conflicts with any other provision in the Security Agreement, the provision contained in the Security Agreement shall govern.

4. INTERCREDITOR AGREEMENT. This Trademark Security Agreement, the obligations of each Grantor hereunder and the rights of the Collateral Agent and the Secured Parties hereunder, are subject to the terms of the Intercreditor Agreement and the German Intercreditor Agreement.
